VOLUME NUMBER 96 | CAMERON, MILAM COUNTY, TEXAS, THURSDAY, January 19, 1956 | NUMBER 42

Cameron Business Leaders Solidly Back Chamber Industrial Group

Business leaders of Cameron stepped in almost 100 percent behind Lester Williams' Industrial committee of the Chamber of Commerce and invested over $40,000 to influence a new industrial manufacturer of doors into Milam County and for all purposes into Cameron.

President of the Door Manufacturing firm, George Quinif of Atlanta, Georgia, and Colonel Jay M. Holmes commended Cameron groups and individuals for their assistance in helping locate the plant here.

The door manufacturing firm will open with a payroll of approximately $15,000 per month. Before the end of the year this amount will be greatly increased as the number of employees go up it was stated. The building will contain 24,000 feet of floor space. The company will lease the land and the building and will hold an option to purchase both.

A number of citizens have heaped praise on Williams and his committee composed of Bill Burns, president of the Camber of Commerce, Narvie Caperton, E. A. Perrin, C A. Jackett, Drayton McLane, Henry Siebman and Milton Brown.

Construction is scheduled to begin immediately and the city has begun laying water to the plant site.

Those investing $1,000.00 were: Drs. Bowman and Watson, Milton Brown, Cameron Compress Co., Cameron Fruit and Grocery Co., C. J. Cammer, N. L. Caperton, H. P. Culpepper, Earl Curtis, Denson Clinic, Grabein Chevrolet Co., Inc., W. T. Hanes, Hefley-Stedman Motor Co., John Henderson, Dwight S. Hughes, Ray Lester, Drayton McLane, E. A. Perrin, W. A. L. Robinson, Schiller Motors, A. J. Smith, Oxsheer Smith, Texas Power and Light Co. E. L. Wied Hardware and Lester Williams.

Those investing $500.00 were: Allison and Dodson, W. N. Burns, Cameron Auto Supply, Central Butane Co., George Childress, Coca Cola Bottling Co., Dusek Pharmacy, Glass Wholesale Florist, Carrol Green Jr. and Leland Green Sr., Starrett Hickman, Horstmann Brothers Tire Store, Irving's Department Store, Markham Cleaners, Charles Matula, Star Lite Club, Dick Stedman, E. Vogelsang, W. C. Wallace, James Wiggs, Bassel Wilson and Woodum Auto Sales.

These investing $300.00 were: Anton Anderle, B. & B. Studio, Cameron Implement Co., Eplen Furniture Co., A. K. Gurecky, Bill Marek, B. J. Matocha, Bill McIntosh, L. M. McKee, and Sam Tindall.

Additional funds that have been pledged are: Lone Star Gas Co., $1000.00; Emory B. Camp, John Hays, Humble Oil Co., and Hilliard Thomas each $500.00.

More investments were expected in shortly from Cameron firms which have home officers out of town. These will be announced as they come in.

PICTURED ABOVE is Lester Williams, chairman of Cameron Chamber of Commerce Industrial Committee, gloating over a contract signed with the Walled Lake Door Company of Walled Lake, Michigan. Reading left to right the men are: Dr. G. Lachapelle of Mont-Laurier, Province of Quebec, supplier of plywood for the Walled - Lake Company; President of Walled Lake Company, George Quinif of Atlanta, Georgia; Lester Williams: Colonel Jay M. Holmes, plant manager to be in Cameron and Bill Burns, president of the Chamber of Commerce.

Congratulations Cameron

Mr. Bill Burns, Pres.

Our heartiest congrtaulations and best wishes for your wonderful success in the establishment in Camero nof the new industrial plant, the Walled Lake Door Company of Walled Lake, Michigan.

The successful campaign and raising $32,000 at the rate of 1,000 a minute must have set some sort of record for a city the size of Cameron. This achievement has received wide and favorable publicity throughout this great state of Texas.

More luck to you, your Chamber of Commerce and the fine citizens of Cameron.

Sincerely yours,
L. Frank Jones

Pruett Enlists Business Men's Bucket Brigade

Three local civic clubs, the National Guard, and other volunteers will form a Bucket Brigade to collect March of Dimes contributions in downtown Cameron, Saturday.

Members of the Kiwanis Club, Lions Club, Rotary Club, and the Cameron guard unit will participate in the fund-raising campaign to benefit some 68,000 victims of polio in the United States.

Hinton H. Pruitt, March of Dimes chairman, is organizing the Bucket Brigade.

Other special events planned for the local campaign include the Mothers' March headed by Mrs. O. B. Hardin scheduled for January 31. Local teenagers are being organized by Allen Dodson to conduct the sale of Peanuts for Polio, according to Pruitt.

Final plans for the Milam County campaign were completed at the kick-off dinner at the Milam Coffee Shop Jan. 13. Workers from all areas of the county attended.

Saddle Club Games In W-L Play Day Open To Public

Members of the Cameron Saddle Club will hold Play Day Sunday January 22 beginning at 2 in the afternoon.

The public is invited to participate in the games at the Saddle Club's quarters at the arena in Wilson Ledbetter park.

The Rockdale Saddle Club is invited. There will be three classes of barrel races including mens, womens and childrens classes. The fun will also include games played on horseback which is a good spectator sport as well as fun for the players.

The Cameron Club now has a membership of 95 but, says Coleman Duncum, newly elected president, "We still need more."

Mr. and Mrs. Sam Holland of Mc. Ayr, Iowa are visiting in the home of Mr. and Mrs. Eddie Dodson.

Mistrial Declared In Four Day Trial

At 10:55 p.m. Monday Judge O. D. Graham declared the case of E. B. Connor et ux vs. Hinton H. Pruett a mistrial and dismissed the jury.

The jurors were in unanimous accord on one thing and that was that their body was irrevocably at odds and could not reach agreement. The jury was composed of Joe Hickman, Foreman, Shelby Smith, Henry W. Abel, George Fisher, Vernon Guthrie, E. J. Alford, Giles Yoakum, Emory Brokenbush, Pete A. Keen, John C. Komar Jr., Griffin Burnett and Richard Wright Ellison.

The jury was charged with the thirteen "Special Issues" in the four day trial in which Hinton H. Pruett, as former landlord and/or partner of the plaintiff was sued for recovery of approximately $10,000 in real and exemplary damages to Connor and wife.

In Plaintiff's Petition Hinton H. Pruett was accused of making "Improper advances" toward the Mrs. Elaine Connor. However in the charge to the jury there was no mention of such charge and the Judge submitted no issues for damages.

Mrs. Connor, on the stand, was questioned by her attorney in regard to alleged advances made by the defendant. Her answer was "One time he (Pruett) tried to kiss me and another time, when riding to Milano, he tried to put his arm around me..... I laughed about it then and I have laughed about it since."

"It's almost blackmail" shouted Counsel E. A. Camp in rebuttal argument. "They ask you to FINE Pruett on several counts (exemplary damages) and with this craze for money why don't they ask damages for these alleged advances? I just don't believe it ever happened the vererable jurist averred.

Whether a "Settlement Sheet", compiled in the office of School Superintendent Pruett on or about July 2, 1955 was a TEMPORARY settlement sheet, as styled by defense or PAYMENT IN FULL as styled by Walter L. Tandy, counsel for the plaintiff was the crux of the tempest

The records showed a deposit was made by Mrs. Connor with Pruett of $600 which was part of an inheritance of $2,500 received by Mrs. Connor following the death of her father in Louisiana. This deposit was accepted by all parties to the suit as "A deposit-on-account" to cover indebtedness to Pruett for advance amounts of cash paid for living expenses of the Connors. Two subsequent deposits however, one of $500 on February 18 and $500 on April 11, 1955 were tagged as part of an inheritance and, according to plaintiff's position, was not subject to attachment for "Community debt" but were the separate property of Mrs. Connor. This point provided legal basis for the plaintiffs complaint.

Attorneys Camp and Camp argued that "Nobody accused Pruett of taking any monies that wasn't owed to him." They argued that Walter L. Tandy claimed that $730 remaining in the Connor "Account" was non-transferrable in paymet of debt. E. A. Camp, in argument, queried "Until Tandy showed up WHO ever showed up to ask for more money.?"

On the issue of the settlement between Pruett and Connor the defense brought Ray Miller to the stand, now an employee of Gifford-Hill Gravel Company of Hearne. He testified that he appraised five sows and some shoats in Pruett's feed lot on or about the date of July 2, 1955. An undisputed settlement was made on a corn crop and on the hogs and on some cattle. The only thing left un-settled was the tomato crop which was in the field at that time.

Clarence Taylor, negro, testified that he picked tomatoes and was employed by Mr. Pruett. He further testified that on one of the dates that he took ten are eleven "hands" to the field and that Connor cursed, saying "Y'all can't pick like I want so hit the road." It was after this that Hinton Pruett personally supervised the gathering of the crop. Mrs. Connor, Taylor testified, came to the field on one occasion and asked whether Ed (Connor) had been drinking ... that he'd had a fainting spell. Answering Mrs. Connor; Taylor testified "I told her that I hadn't seen him drinking but that I could smell it on him."

Plaintiff counsel had Justice of the Peace B. G. Rice on the stand to testify whether Ed Connor had ever been in his court for drunkenness. The records showed that Connor had paid a fine for drunkeness shortly after July 2 when Connor and Pruett had parted ways. Counsel then dismissed the witness, apparently sure he had made a point that the only drunk fine paid by his client was AFTER July 2.

E. A. Camp, in his rejoinder called attention to the fact that "Sot Drunkard", which Pruett allegedly termed Ed Connor, was initiated in Plaintiff's Petition. Following the demise of Justice of Peace Thomas most of the Milano cases were filed in Rockdale precinct 4. (These records were not subpoenaed).

The defendant, on the stand, was cross-examined on his relations with Ed Connor prior to the "Falling out." Pruett responded that all had been very cordial EXCEPT for the drinking of Connor. Asked by counsel why he failed to report Connor the defendant replied "I am not an officer I did not feel it was my duty."

A "half-truth" rumor in town fixes the vote which was on only one of 13 "Special Issues."

School Bonds Being Readied For Sale Soon

The school board, in session Friday night, re-affirmed its decision to go forward with the services of company represented by John Brandenberger, acting as fiscal agent for the schools, in advertising and otherwise setting the wheels in motion to sell the $225,000 in bonds voted recently to be spent in additions and improvements to the Cameron school system.

Brandenberger, present at the meeting explained many of the details and felt that sale of the bonds might be sold with interest as low as 3.035 and he hoped to keep the interest under a ceiling of 3.040.

Food Surplus Distribution Plan Discussed

City Commission read a letter from County Judge Charlie Smith Tuesday night in which members were invited to sit in on a meeting at 2 p.m. Thursday (today) to work out details of a commodity distribution plan offered to the county by the Federal Government. The county is seeking a cooperative set up within the county of units of government an agencies interested in welfare. Costs of distribution are put on a basis of twenty-cents per recipient per year plus costs of transportation, ware-housing and record keeping. Several councilmen signified intention to attend the meeting.

A committee to study compulsory garbage pickup was named. Chairman Schiller with Weems and Thompson assisting. Schiller assured the Herald that the city has authority without benefit of a charter to enforce an ordinance requiring regular garbage pickup in the interest of sub-dividing the in the interest of sub-sividing the Hilliard Thomas et al property and construction of ten to eleven thousand dollar homes sought council approval of a plat for the sub-division and requested moving of sewer lines ni line with Veteran's Administration demands that sewers shall not run under a house when considering approval of G. I. loans.

D. W. Robinson, representing the Joe Rady Engineering Co. received approval on suggestion for separating city applications to the government for water filtration and sewage disposal research for the city of Cameron.

Herman Yezak Announces For Re-Election

Herman Yezak has announced that he will be a candidate for re-election to the office of State Representative for District 56, composed of Milam and Robertson Counties, during the coming Democratic Primary.

A formal announcement of his candidacy will be released at a later date. The Herald has been authorized to place Yezak's name in the political announcement column.

The Farm Bureau in Milam County has arranged a special re-opening of its Blue Cross-Blue Shield Group to permit their members who have not taken advantage of this protection before to do so within the next few days.

A Dollar Puts You In The Drivers Seat

by E. A. Mees

Give a dollar to the March of Dimes and get the thrill of your life. If you are between sixteen and eighty come out to the National Guard Armory Sunday January 17, from 1:30 p.m. until 6 and take the controls of an Army tank.

You've paid 25 cents to ride a hobby horse at the circus, thats 50 pounds of bucking cord wood. Now pay one dollar to the March of Dimes and ride 48000 pounds of bucking steel with you at the controls. Compared to a hobby horse it would be worth $240.00 It's a bargain at a dollar and that dollar will help some child to walk again.

Ladies are included in this affair and believe me, after five minutes behind the controls of this job you'll never again have trouble parking the family bus in that narrow parking space.

So come on out and get the feel of 500 horsepower with power brakes, power steering and hydramatic drive. In the driving field directly behind the Armory

And ladies, although slacks aren't required they'd be a lot more comfortable.

Third Graders Use Winter Theme For Herald Display

All the children of the third grade in Cameron contrbiuted to a display now in a window of the Herald.

The winter scene, backed up by original drawings of the students could not have been more timely with the freezing weather. It is almost as though they were weather prophets.

The people of Cameron and communities surrounding will have the opportunity to see this and succeeding displays placed in the window each week by different classes in the Ada Henderson and Ben Milam schools. Each display will be in only one week so it behooves those who wish to see the work of each class to hurry down and see it before it is replaced.

This notable pieces of public relations work on the part of W. T. Hanes, Wiley Loughmiller and the teachers and children is worthy of comment from the citizenship. It is not without much effort that the work of the children is put on public display. The school system has, for a long time kept a display in a window at the school but the new venture makes it possible for all to view the children's accomplishments while shopping in Cameron.

Legion Membership Goal In Sight As Drive Nears End

The membership goal of the American Legion, Edwin Hardy Post is about fifty short of the goal and at a meeting Tuesday night the membership present committed itself to the task of enlisting that number before the close of the drive this month.

A nominee for the McCullin Civic Award was voted by the group and Commander Mann was instructed to fill out the form for such nominations.

American Legion officials from 800 Posts are scheduled to pour into Austin for the week end of January 21 and 22 for their Eighth Annual Post Officers Conference which will be presided over by Charles L. Downey of Pleasanton, state commander.

Included on the committee will be H. H. Coffield of Rockdale.

Added Varsity Coach Hired For Yoe's '56 Staff

There will be a five man varsity coaching staff at Yoe High next Fall as a result of the school board hiring Homer Tompkins Friday night.

The new coach, 39, will move to Cameron with his wife and family; two boys ages 3 and ten and a girl 8. He was born reared at Cisco and played college football under Coach Dutch Meyer at T.C.U. Going from there into the service.

At Slayton he has held the head coaching job for five years and coached all athletics. His major in teaching is Science.

Volunteer Firemen Save Green Funeral Home As Water Does Excessive Damage

Fire that could have been devastating, but for the quick and efficient work of volunteer firemen started at high noon Tuesday in an apartment kitchen at the Green Funeral Home

Noting the smoke emanating from the windows of the upstairs apartment in the business establishment, Ed Laywell, employee of Marek-Burns Funeral Home, cross the street turned in the alarm.

Carroll Green first discovered that his business and apartment was afire while returning from an ambulance call to the hospital. The water pressure was good which enabled Fire Chief Black and his volunteers to get the flame under control quickly. The damage from fire was not extensive but water damage could cause the final cost to amount to large figures Carroll Green figured.

The colored cook had been cooking but maintained that the electric stove was o as she was in the back yard washing when the smoke was note by Laywell. Mrs. M. A. Baggerley, an office employee was at lunch across the street at the time and did not know of the fire until firemen arrived.

Water broke through the ceiling in the display room but not until all of the vulnerable caskets had been removed under the direction of Green, with assistance from friends and neighbors.

Buckholts HD Club In First 1956 Meet

The Buckholts HD Club met Friday afternoon at the HE cottage for its first meeting of the new year with the president, Mrs. Arthur Inge in charge.

New Year books were distributed and the president appointed the following committee chairmen of the ensuing year: EEE chairman, Mrs. C. S. Raney; finance, Mrs. Johnny Fuchs; program Mrs. Robert Jungmann; consumer education, Mrs. W. D. Porter; recreation, Mrs. Ed Senkel, club reporter, Mrs. John Meyer; club parlimentarian, Mrs. Theo Fuchs; demonstrators are Mrs. Arnold Glaser, Foods, and Mrs. Rudolph Sedlitz, living-room club leader is Mrs. Johnny Fuchs.

Mrs. Edward Senkel was elected delegate THDA candidate to the council meeting to be held in Rockdale Monday January 23. Motion made to send a chairman delegate to District meeting failed to pass.

Local members who went on the recent tour visiting homes in Clarkson and Walkers Creek communities included Mesdames Robert Jungmann, Tal Woodward, C. S. Raney, J. P. Fuchs, Theo Fuchs, Arthur Inge, Arnold Glaser, S. M. Corley and Mrs. L. H. A. Fuchs. The group were dinner guests of Mrs. Will Vogelsang at her home in the Walkers Creek Community at the noon hour.

Following recreation, Mrs. Inge hostess for the afternoon served cokes and cookies to members present.

One price tag which can stand a lot of clipping in 1956, says the Texas Farm and Ranch Safety Committee, is the one that goes with every farm or home accident.

Farmers last year used 16 billion gallons of crude—oil more than any other industry. They spent $300 million for pesticides and a billion dollars for fertilizer and lime.

Preventive Here Polio Patients Now Need Dimes

ton Pruett explained at the March Of Dimes kickoff dinner Thursday night that "Now the fight on polio has moved from the realm of research for an innoculation into a VERY PERSONAL realm." Now we have to follow through with those children whose lives already have been blighted by the dread disease.

There are sixteen little lives in Milam County who are on the long tedious return to health and the use of limbs. Helping them is expensive business and while now we can concentrate more on the personal work the price of each case is high.

"Anybody who ever gave TOO MUCH to the March of Dimes can come around and we will refund his money," said the MOD chairman.

There are more than 3000 iron lungs in use now and they cost more than $2,000 each Pruett said

The March of Dimes Headquarters has a booklet, the chairman said, which shows organizations how to stage benefits for the drive.

In summarizing all the usual drives Pruett said "I don't expect you to have the enthusiasm that I have because I am a FINATIC on the point."

Peanuts For Polio is a new drive which Allen Dodson accepted for his scouts.

First Baptists Kick Off Plans For Auditorium

A building program for the First Baptist Church in Cameron was inaugurated this week.

The initial step planned by the deaconry was, as a committee of the whole and investigate carefully the various plans and means of raising finances. Their plan is to bring a recommendation back to the church for consideration and vote.

It was decided at the Wednesday night business session that speed of accomplishment definitely would not enter in to the early deliberations.

Farmers and ranchers who are members of the Farm Bureau in Milam County have their own Blue Cross-Blue Shield Group for prepayment of health care, and they are currently conducting a special reopening among Farm Bureau members who are not enrolled for these services.

CHARTER ANSWERS

Q. WHY ADOPT A CHARTER?
A. Cameron operates as Texas' general laws provides. The Texas general law is antiquated and is not brought up to date because so few incorporated towns are un-chartered. The laws are not practical for modern times. BY ADOPTING A CHARTER Cameron will be free to operate according to the dictates of the charter and not tied down by cumbersome procedures outlined in the general law. A CHARTER brings our government HOME TO US. That allows us to modernize it to the point that it can be more economically operated.

—O—

Q. WILL THE CITY COUNCIL BE ABLE TO OPERATE CITY AS IT SEES FIT UNDER THE CHARTER?
A. The council will be strictly governed by the charter. Only Amendments voted by majority of qualified voters can change the charter. The City Council and Mayor will still be the governing body of the city and will still be elected by and answerable to the people.

—O—

Q. DOES A CHARTER MEAN A CITY MANAGER?
A. No! The Charter and a manager form of government are unrelated.

—O—

Q. WILL A CHARTER INCREASE OUR TAXES?
A. No They too are un-related. Taxes will still have to be assessed and collected at the same rate as they have always been.

—O—

Q. CAN MY PROPERTY BE SOLD FOR DELINQUENT TAXES UNDER THE CHARTER?
A. No! The city has this right under the state constitution and hence adoption or rejection of the charter WILL NOT AFFECT that right in any manner.

—O—

Q. WILL THE CHARTER MAKE CITY OPERATION MORE EXPENSIVE?
A. ONE OF THE MAIN PURPOSES OF THE CHARTER is to allow more economical operation of the city.

—O—

Q. How about keeping livestock and poultry in the city under the charter?
A. The charter in no way affects your right in this matter.

—O—

Q. CAN THE CITY TAKE IN ADJOINING PROPERTY WITHOUT A VOTE OF THE PEOPLE LIVING THERE?
A. Yes! The city can annex property on its own motion.

—O—

Q. Does the charter change the manner of electing cointive offices?
A. Yes. Only the council and mayor will be elective offices. All others may be hired and fired by the council.

—O—

Q. Does the charter change the mnner of electing councilmen?
A. Yes. Each councilman will be filling a designated "PLACE" and when his term expires an election will be held to fill that "PLACE" This method gives the voter a chance to know WHO HE IS VOTING FOR OR AGAINST and WHAT THAT MAN STANDS FOR

—O—

Q. Does the charter give the city the right to create a compulsory garbage collection service at our expense?
A. No. The charter will not affect garbage collection in any manner.

—O—

Q. Did the present city council WRITE the proposed charter?
A. No! IT WAS WRITTEN BY A COMMISSION OF 15 persons who were ELECTED by Y O U for that purpose. (Last April).

—O—

Q. Is it against the law for anyone to ask these people on the charter commission about the charter?
A. NO! This newspaper is advised that the members will welcome the opportunity to explain the charter to you if you will ask them to do so.

—O—

Q. Will any officials be put out of office when the charter is adopted?
A. NO! Each city official will hold his present office until the expiration of his term.

—O—

Q. Will I loose my right to vote in city elections under the charter?
A. No! Your right to vote remains the same and cannot be changed by this or any other charter or act.

—O—

Q. WHEN DO WE VOTE?
A. JANUARY 28, 1956

Members of the Charter Committee, elected in 1955, are as follows: Narvie Caperton; Don Humble, parliamentarian; Jack Prescott, vice chairman; John Schmidt; John A. Smith; Miss Ada M. Smith, secretary; Dr. David Shapiro; W. E. Kuehl; E. L. Wied, chairman; John Henderson; E. A. Perrin, public relations chairman; W. T. Hanes; August Kunz; Henry Siebman; and Walter Lester.

News From Buckholts

MRS. J. W. MEYER

Buckholts school students were busy with mid-term exams the past week and Monday will begin the 2nd semester for this school year. School census is being taken this week in the Buckholts school district. Any child who reaches the age of 6 years before Sept. 1, should get his name entered at the office of the Buckhotlts school superintendent at this time.

The teachers of Buckholts attended Milam county TSTA meeting held in Cameron Monday night and reported a very informative meeting. Mrs. Ruby Arledge, superintendent attended the administrative conference in Austin Thursday and Friday.

Relatives and friends from Buckholts attending funeral services at Rockdale and burial at Salem Monday for Mr. Tom Henson included his son's family, Mr. and Mrs. John Henson and son, David. They were joined by their daughter and her husband, Mr. and Mrs. Jimmy Nickles of Ft. Worth. Others were Mr. and Mrs. Rudolph Zedlitz, Mr. and Mrs. Walter Hagemeister, Mr. and Mrs. R. W. Wall, Mr. and Mrs. Anton Svetlik, Mr. and Mrs. J. D. Ruzicka, Mr. and Mrs. J. W. Meyer and Rev. John Pietsch who officiated.

Otto Meyer of Cameron was a guest Thursday evening in the home of Mr. and Mrs. Jim Petruy.

Buckholts girls and boys basket ball teams will travel to Milano Tuesday night Jan. 17th for conference games played there. Next conference basket ball games at Buckholts gymnasium will be played Friday night beginning at 7: o'clock when Buckholts girls and boys teams will play opposing teams from Snooks.

Miss Elsie Kaatz, daughter of Mr. and Mrs. R. F. Kaatz underwent surgery Thursday morning at Scott and White hospital in Temple where she has been a patient the past several weeks.

Weekend guests in the Kaatz home were their son's family, Mr. and Mrs. James Kaatz of Velasco. Another son, Herman Kaatz was also a visitor here Wednesday.

Mrs. John Burtis, secretary for the local SPJST Lodge here was in Holland Sunday attending the SPJST District meeting.

Mrs. Forrest Crawford of Bruni Texas who was a guest of relatives in Temple the past week was in Buckholts for a short time Saturday aternoon visiting friends. Mrs. Crawford will be remembered as the former, Mrs. Ross Dabney a long time resident here.

Guests in the home of Rev. and Mrs. Jack Berry the past week include his niece, Miss Phyllis Berry of Cisco and Mr. and Mrs. J. H. Chatham and Mrs. Holman Scott of Travis.

Bo Peeps

Coach Leo Jackson was given a "Lazy Leo" by the football boys at the banquet. The fans gave him a bond. Both presents indicate a "bond" of good-will. Somebody said the school board needed a "Pat on the back." Leo said "How do you think I got arthritis in my shoulder?"

ABOUT THE CHARTER: They tell me the legislature is responsible for the laws that govern Cameron now—the same legislature (past and present) that is responsible for Texas Insurance Laws. Do you know what the AVERAGE age of Texas legislators is? Do you know how many of them are WORKING THEIR WAY THROUGH TU by being legislators (meals and entertainment furnished by LOBBIES)? That's a good research project. If you find out let us know.

That Jimmy Asher is a fine, upstanding gentleman and a scholar Sure he's a scholar. He had a fit the other day trying to find out whether "Coffee, cake and tea WAS or WERE served. We had to hold up the presses on the church bulletin while he found out. Then he had a paragraph which admonished "Every Christian should vote like he prays." Well we only vote once or twice a year—hummm. The reason I KNOW he is a fine man though is that he said he LIKED Peeps.

The L. W. Lotts', residents of Cameron for the past year are moving to Worthan, Texas where Mr. Lott is employed with an oil company.

How About That!

One of the first soaps, used by the women of Rome in Caesar's time was pumice stone (hardened, gray volcanic ash).....
In ancient Greece women washed themselves and their clothes at the same time, then let the sun bleach-whiten and dry out their garments...
Today 75% of America's homemakers use a separate bleach in the family wash... Now for the first time it's possible to wash and bleach with ONE product, a new detergent with its own "built-in" bleach that makes washday even easier!!

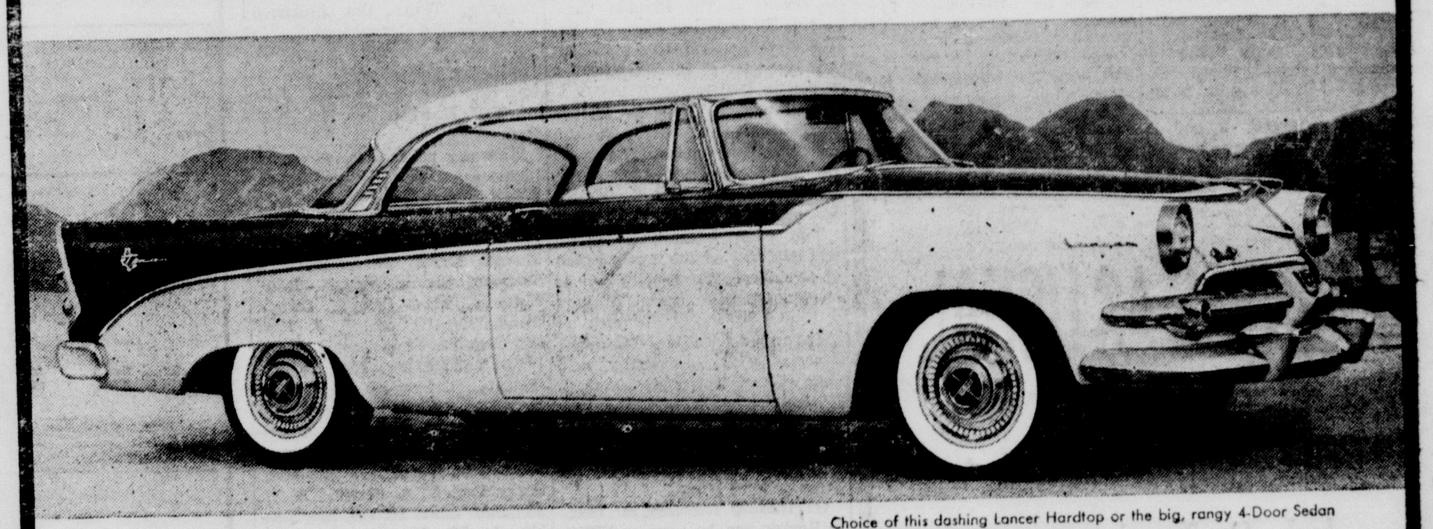
Dodge presents..."The TEXAN"



Choice of this dashing Lancer Hardtop or the big, rangy 4-Door Sedan

The *Texan* by Dodge!

A handsome, rugged car big as all outdoors, with the surging power of a quarter horse, sweeping lines of a gull in flight, the relaxed touch of push-button driving!

The *Texan* is built for Texas driving. It skims swiftly along the big broad highways, it rips over hills like a hungry cougar, it takes the bumpiest, ruttiest, sandiest road and comes back for more. Powered by the mighty engine that busted the AAA record book wide open at Bonneville Salt Flats, it gives you the same superior engineering and design that made Dodge the greatest sales-gainer in the industry in 1955.

Plenty of special features, too . . . specially designed interior trim, special paint combinations, jaunty twin exhaust pipes, and other smart touches. The *Texan's* name is proudly blazoned on both rear fenders. And the brave crossed flags of the Lone Star State are right up front where your fellow-Texans can admire them!

Best of all, the *Texan* is priced right down with the so-called "low-priced three." Yet it's big and powerful and luxurious . . . rivaling cars costing as much as a thousand dollars more! Visit your nearest Dodge Dealer now and drive the *Texan!*

Humble Presents Texas In Review

Behind the scenes preparations for the opening of a great hotel will be of particular interest to Texans as The Humble Company's TV Program, Texas in Review, presents films of pre-opening activities at the new Statler-Hilton in Dallas.

Next week's Texas in Review program also includes a feature on Texas-Made materials youngsters use for their "readin', 'ritin, 'rithmatic" and other school studies.

Two other interesting features will be films of the inauguration of new direct air service by American Airlines from Houston to New York and of the work of the Texas Agricultural Limestone Association in correcting acid soils of East Texas.

Texas in Review can be seen Sunday (January 22) on KPRC-TV, Houston, 10 p.m.; KRLD-TV, Dallas, 7:30 p.m.; WOAI-TV, San Antonio, 10:15 p.m.

On Tuesday (January 24) Texas in Review can be seen on KTBC-TV, Austin, 7:00 p.m; KCEN-TV, Temple, KANG-TV, Waco, 8:30 p.m.

Goal Set For Heart Fund; Conducted In Month Of February

A statewide goal of $676,000 for the Heart Fund conducted each February by the Texas Heart Association has been announced by Texas Senator Lyndon Johnson, 1956 Heart Fund chairman for the state.

In addition to urging support of every Texan for the Heart Fund, from which funds are utilized in research, education and community heart program to aid heart disease victims like himself, Sen. Johnson announced the membership of his 1956 Heart Fund Committee:

Named to serve with the senator, who was stricken with a severe heart attack himself last July and only recently has returned to his congressional duties, were: R. L. Thomas, Dallas banker who also is chairman of the Texas Heart Association; Dr. Kleberg Eckhardt of Corpus Christi, Texas Heart Association president; Douglas B. Marshall of Houston, vice president of the Quintana Petroleum Corp. and active lay leader in Texas Heart Association work, named treasurer of the Heart Fund; and Edgar M. Brown of Houston, executive director of the Texas Heart Association.

President Includes McCloskey In Budget

The President's budget includes a $250,000 request for remodeling at McCloskey VA center, the Associated Press reported from Washington Monday night.

Dr. L. M. Cochran, McCloskey manager, said that he had "nothing official" on the precise nature of the request but that approval is being sought for three projects at the VA Center which are estimated at about $250,000.

The projects are to connect two boiler plants, remodel the cold storage plant, and install a hydraulic elevator in the hosptial section of McCloskey.

Because of the sum involved, presumably the budget request does not involve the proposed vertical type hospital construction for which McCloskey is being considered.

Income Tax Date Reviewed

Nearly every citizen or resident of the U. S. A. who had an income during 1955 should file a tax return, according to H. W. Ewing of the Internal Revenue Service office at Temple, Texas.

He explained that if you are less than 65 years of age and had a gross income of $600 or more you must file a tax return. Those 65 and over, however, must file a return when their gross income is $1200 or more.

"Self-employed individuals with net earnings of $400 or more must also file an annual return," Mr. Ewing said.

'A person with income of less than $600—or $1200 for those 65 or over—should file a return to get a refund of the tax that was withheld each payday" he added.

"Every taxpayer should read the 1955 tax instruction pamphlet so he will not pay more or less than he owes," he urged.

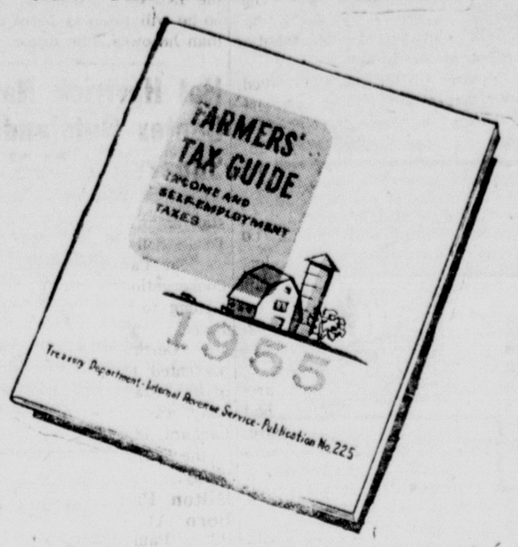
NEW TAX GUIDE FOR FARMERS



The Internal Revenue Service says that farmers of the Nation can get a lot of help from this brand new tax guide, intended to ease their work in preparing their 1955 returns, first to include computations on self-employment taxes. Other problems also are treated in copy and pictorial detail. Copies may be obtained from district internal revenue offices or from county farm agents.

HEALTH HORIZONS

The Antibiotic Age

Many of us, perhaps, have come to accept the present period in medical science as "The Antibiotic Age." Thus, we may be inclined to take for granted an announcement of the discovery of a new antibiotic

Yes, just such an announcement caused an uncommon degree of interest at the Third Annual Symposium on Antibiotics, held recently in Washington, D. C., where a team of New Jersey physicians described a new drug called Albamycin.

Guided by the knowledge that various bacteria have developed insensitivity to the usual, routinely prescribed antibiotics, the New Jersey doctors used Albamycin to treat a variety of human infections.

Already, extensive clinical studies of the new drug are under way in a considerable number of medical centers. It is expected that Albamycin will prove effective in the treatment of bacterial infection in the skin, lungs, bone, urinary tract and the blood stream.

The way in which the new drug was discovered suggests the possibility that we are about to witness a new kind of "Gold Rush" in the United States. Albamycin, for example, was developed in the research laboratories of The Upjohn Company, Kalamazoo, Mich., from soil samples collected in a suburb of New York City.

Research scientists, after completing a series of clinical and laboratory tests of the new drug, report that Albamycin reveals two unique and clinically significant features: it has shown no cross-resistance (i.e. bacteria which have become insensitive to other commonly used antibiotics remain sensitive to Albamycin); it gives the highest blood levels ever experienced with any antibiotic. One key to the effectiveness of an antibiotic is the amount absorbed into the blood stream where it is available to fight disease-causing bacteria On an oral dose for dose basis Albamycin quickly gives blood levels 50 times higher than penicillin 25 times higher than erythromycin, and 10 times higher than tetracycline.

Their theme for the next three weeks is "Health and Safety."

Other members of the troop are Jo Ann Anderson, Jean Biskup, Mary Beth Nance, Suzanne Edmonds, Cynthia Ann Hickman, and Frances Thompson.

MAN OF THE YEAR

Clinton Harbers, an outstanding young farmer in Fayette County, Texas, was today named "Man of the Year in Texas Agriculture" by The Progressive Farmer magazine. The honor was given Harbers for superior achievement in the art of farming.

"In less than 4 years, this young muscular, ex-GI, has become better known than any other farmer in Texas—particularly if you narrow it down to working farmers," says C. G. Scruggs, accociate editor of The Progressive Rarmer. It's been estimated that at least 10,000 people have visited the Harbers' farm west of La Grange. And no one goes away without becoming infected with Clinton Harbers' zeal for doing a better job of farming.

WOMAN OF TH EYEAR

Dr Jessie Whitacre, Texas Agricultural Experiment Stat., was today named "Woman of the Year in Service to Texas Rural Families" by The Progressive Farmer magazine.

The honor was given Dr. Whitacre for her contributions to better food and health in the state. As head of the department of rural home research 1926 to 1953 Dr. Whitacre presented 10 research bulletins and 4 more in cooperation with others - a total of 14 important bulletins which have to do with better food and health for Texas folk.

A native of Ohio, Dr. Whitacre came to Texas with a rich background in teaching and extension service. She earned a Ph.D. Degree from the University of Chicage on 1926.

Mr. and Mrs. A. D. Harvey of Kingsville spent Friday night with her uncles H. H. and Stuart Hartsfield.

Mr. and Mrs. Bailey Jones and and Mrs. Leroy Massengale Sunday.

What Read More Window Meant To One Writer

By: Becky Terry 8-B

The "Read-More Display shown in the windows of the Herald printing office caused me to realize that I should become acquainted with the best in literature which is the right of every boy and girl.

I am in the eighth grade in this grade should understand and appreciate the different types of school. I believe that students of literature. Our libraries can give us examples of short stories, long stories, biography and fiction, lyric and narrative poems, letters, essays, and plays, thus providing us with a wide range of happy experiences. By re-living the experiences of others, our own lives are deepened and broadened. We are more able to understand and appreciate life, to live well with other people, and to become better citizens.

The "Read More Display" aroused my curiosity in regard to books which I have not read. I hope to become acquainted with these books and their authors. I realize that the more I read, the better I shall be able to value and judge the material which I read.

I thank the Herald for making the "Read More Display" possible. I feel sure that many boys and girls have been stimulated to read more and to make wiser selections of reading material.

Footballs' "False Profits" Are Winning And Entertainment Says Speaker At Annual Yoe Banquet

"I feel sorry for people," said Coach Leo Jackson at the annual football banquet, "people who do not get to teach and coach boys." No apologies need be made for the team of 1955 said the coach. They played together and they played hard in most instances and that is what we expect of them.

"The Value of Football" was the topic taken by the principle speaker Coach R. W. "Crock" Parker two time winner of the Lone Star College league pennant at Southwest Texas State Teacher's College and quail hunting companion of assistant coach at Yoe High, Dick Young.

A thing has value only if there is a profit. Money or education are no good for themselves alone said the speaker it is only the profit gained from using them well that makes either of value. So it is in football. Football can have a value to the school and the community only when the PROFITS are kept in perspective the speaker said.

Sometimes a community looks to winning as the only thing of value in football and others think of it merely as entertainment. But these are not the real PROFITS in football. Parker averred.

Parker drew an analogy of the theater goer and the football fan who is intrigued only by the entertainment aspect of the game. When the theater goer sees a bad film he doesn't criticize the theater managment but comes back later looking for a better show.

In football however there have been whole towns that have been guilty of unsportmanlike conduct. The people have been guilty of unsportsmanlike conduct. The speaker denounced as "False Profits" the demand for winning games and for more entertainment.

"Teamwork in Society," Developing Citizens," Self Dicipline" "100 percent effort," and "Competition" were the five real values in football described by the speaker. He assured his football player audience however that these profits were not his merely because of the uniform he wore.

Poise, self confidence and sportsmanship were correlated profits derived from the game, pointed out by Parker. When a player can play fairly and cleanly and then compliment his opponent if he gains self poise and confidence as a result of his playing then he has received some true values from the game.

In recapitulating, for the benefit of the football players, his thinking on the value of the game Parker said that Intelligence, a burning desire to win, speed, and size are the things looked for by a coach in a football player.

John Hays, member of the Downtown quarterbacks was toastmaster. He complimented the Homemakers Club for its fine work in decorating the Simon and George Memorial Hall for the occasion.

The decorations committee was chairmanned by Rita Reid, Faye Angell was co-chairman with Evelyn Vybiral on the committee Helping them were the Twirlers, Cheerleaders and the Third Year Homemaking girls and other F.H.A. members.

Tom Collins, on behalf of the football team presented gifts to school and quarterback club officials and to all coaches. The toast master stated that "If Tom Collins does not go into politics he will miss his calling" compliment ing him on the handling of the presentation.

John Hays pointed out that the need for the Downtown Quarterbacks was felt late in 1955 because of the increasing number of students in the Cameron School system and the greater burden placed on school officials and that the Club stands ready to help out in any way that it can in the work carrying on the school's stepped up program.

Visitors introduced were Mr. and Mrs. Joe Hawkins of Rosebud Mrs. R. W. Parker, wife of the speaker, Bruce Roche representing the Temple Daily Telegram and recognized was Vic Hannon, president of the quarterbacks. Henry Seibman, secretary, treasurer and Lincoln Mondrik, vice president of the club.

Land Judging Studied Now By 4-H Club Boys

Soils can be judged. Recognizing experience as the best teacher, a system has been designed for conducting soil judging contests which are comparable to livestock and dairy judging work.

Four fields are used in a contest. They are numbered 1 to 4. The contestants are notified as to the maximum number of practices to apply on each field. In addition, the soil test reports are given for each field. Other practical information is related as to type of farming and the conditions that exist. A soil pit should be dug at some point in each field in advance of the contest. This enables the contestant to determine the soil depth and the permeability of the soil by examining the sub-soil structure and clay content.

The land evaluation score card is divided into 2 parts: Namely: Part I deals with land evaluation as follows: surface texture, permeability, depth of soil, soil condition, slope, wetness hazard, and erosion, factors limiting production and land class.

Part II deals with recommended land treatments as follows: soil conditioning practices, practices to improve moisture holding, permeability and condition of the soil, soil water conservation measures, chemical needs and cropping practices.

Milam county 4-H clubs are studying this score card this month. Plans are being made to conduct local contest in the clubs during March. During early April a county contest will be held to select a land evaluation team to represent Milam county at the District 4-H contest to be held at Stephenville on April 14. A team shall consist of 4 members. The three high individual scores of the team shall make up the final team scores. The low individual score shall automatically be declared as the team alternate.

Personnel of the Soil Conservation Service will act as judges for the contest.

How To Keep a Sick Child Happy

A happy, relaxed atmosphere is important for the quick recovery of a sick child. A sick little girl can be amused by dressing her special sick-abed doll in a complete wardrobe prepared in advance by Mother. Make the doll a patient too, with bandages, arm sling and other sick room equipment.

Pieces of macaroni can be strung into a variety of wonderful necklaces, chains and bracelets. They can be colored with crayons or sewed onto cardboard.

Special sick-abed cars, trucks and fire engines and a large box to "drive" them in will keep a little boy with the sniffles entertained for hours. Provide a quantity of salt to make roads. This picks up easily with a vacuum cleaner.

Don't let glaring lights make the patient uncomfortable during the day or awaken him at night when you look into see that all is well. By using the new Luxtrol light control which regulates the intensity of light—from bright to near darkness—the lights in the sick room may be controlled for playtime activities or for rest and sleep. Easily installed, the unit is an excellent addition to any child's room.

Bo Peeps

Gosh. if you people don't stop telling me you like "Peeps", just to make me feel good, you're liable to be stuck with them. Why one of you even went so far as to compare "Peeps" with the writings of one of Milam Counties greatest erstwhile publishers Now I've got to name a few of you so I won't get accused of pattin myself on the back and day dreaming. I'll let YOU suffer the consequences for what you said. There was Mrs. Denson and Mrs. Swift and old Narvie Caperton and then George Bowman seemed to get a lot out of my tale about Papa Dionne and uh well uh can I help it if I can't recall any more? There must have been hundreds—well dozens at least— oh well FOUR then.

On this CHARTER business I told you I was AGIN it. I asked for some of the AGINERS to write and tell me they were on my side but they didn't do it. All I have found is FERS everywhere I look. No letters, so here you agins (if there are any) have left me out on a limb. Well you just can't do that to me so I'm a gona switch my allegience right here and now. My motto is "If you can't whip em jine 'em." An awful lot of people have looked at me with a "go to realms of torture" look on their faces and said "You aren't really against the charter are you?" Well all I can say is that I appreciate the fact that you thought it made any difference—but then you couldn't have known that I didn't have a vote anyway. Har Har dee har har. That was a good one on you. I haven't been here but five months and Milam County just hasn't had any poll taxes for sale in that time BUT THEY HAVE NOW.

This was left over from last week and since then I could add a few hundred — well at least two or three more names to our well-wishers. There's Mrs. Eber Flinn and ole Jimmy Asher. I just love to please them kinds of people. (That bad grammar is to "schock" my good friend Jimmy.

Texas Can Produce More Cotton If Acreage Pooled

Texas cotton producers can plant more cotton in 1956 than was harvested in 1955 if they make full use of the State's allocated acreage. Producers who have received a cotton allotment and do not intend to plant the entire acreage are urged by the Texas ASC to return the acres nto to be planted to the local county ASC office for reallocation to other producers in the county.

Incomplete vaccination programs have reportedly resulted in severe production drops in some laying flocks in the state. L-214, "A Suggested Vaccination Program for Chicks" is available at your local county agent's office.

Extension Range Specialists estimate that Texas ranchmen added almost $3 million to their income last year from changes made in management plans as a result of range improvement demonstrations.

DRIVE THIS BIG BEAUTY WITH STRATO-STREAK POWER AND NEW STRATO-FLIGHT HYDRA-MATIC

Pontiac's mighty 227-horsepower Strato-Streak V-8 is the industry's most modern high-compression, high-torque engine—more than a match for cars costing hundreds of dollars more.

And all this blazing power is smoothed to perfection by Pontiac's exclusive new Strato-Flight Hydra-Matic* Drive.

In fact, *Pontiac takes them all on—no holds barred—in performance!*

And in every other respect this car overtakes the finest in features although it overlaps the lowest in price!

Certainly no car is more distinctively beautiful—with styling so new and fresh the experts are calling it a tip-off on a trend.

Few cars put more road-leveling length between front and rear wheels—where it counts—or give you the safety of so much sure-footed solidness.

Come in and see for yourself why Pontiac has them coming from both ends of the price scale—how it's changing the buying habits of many who previously paid much more and still didn't get all of Pontiac's performance, size and luxury.

SPECIAL BULLETIN—All Pontiacs are now available with the optional XCL Powerpack, delivering 285 horsepower at 5100 RPM.*

*An extra-cost option.

You can actually buy a big, glamorous Pontiac 860 for less than you would pay for 44 models of the low-priced three! PONTIAC

AN INVITATION... to the man who is driving any car in the medium-price class

How you can own a bigger, more powerful Chrysler Windsor V-8 for the cost of a medium-priced car

Frankly, we believe you will find that the Chrysler Windsor is the only real luxury car that sells at a medium price . . . a car far in advance of its contemporaries and ahead of its time. We would like to put you behind the wheel of this car . . . because we've found from actual comparative demonstrations that 3 out of 4 open-minded men who drive a Chrysler for the first time prefer it to anything else.

There are many reasons. In the first place, the 1956 Chrysler is the only car in its price class that has been completely restyled this year. It has that "hair-trigger" look for which designers have been striving many years. We call it "PowerStyle."

But there's more to the Chrysler story than styling. There's *power* . . . more power to pass safely when necessary . . . more power to drive without effort . . . more power to stop.

There is not a car on the road today as completely power-operated as the "PowerStyle" Chrysler. Its PowerFlite transmission is controlled by pushbuttons . . . the ultimate in automatic, foolproof control. But do Chrysler's competitors have this mechanical trouble-free system? *Not yet!* Chrysler's PowerPilot Steering works *full* time . . . does 80% of the work, not just in parking, but in long distance driving, in traffic and in rough going. Competitive power steering cuts in and out . . . does only a fraction of this job.

And what about engines? Chrysler was first to adopt the principles of the airplane-type V-8 engine. Today's engine is a new and bigger version of this engine... 250 hp in the Windsor Spitfire V-8* . . . 280 hp in the New Yorker FirePower V-8 and now 340 hp in the blazing new Chrysler 300-B.

Then there is the all-important matter of brakes. Chrysler's newly designed PowerSmooth Brakes not only bring you safer, surer, straight-line stops – they outlast the others 2 to 1.

So if you have been driving another make of car in Chrysler's price class . . . ask yourself this question: Don't I want to know what my money *can* buy before I spend it? Then make a drive-them-both comparison. We'll leave everything else to your judgment.

**With the addition of the Chrysler Power Train at slight extra cost.*

Jaycees Hear Waco Visitors On Convention

The Junior Chamber of Commerce counted ten guests from Waco and two from the Temple fraternities of the same name, at the Country Club Tuesday night.

The visitors were present for plain and simple fun and fraternization and to boost the Texas Jaycee Triregional convention to be held at the Roosevelt hotel in Waco last Saturday and Sunday.

The Waco Jaycees spoke on Jaycee activities in the state showing the advancement of the organization statewide.

The home organization took stock of its 1955 activities which among other thing of a lesser nature were: 1. Placing of Merry go round and slide in city park. 2. Sponsorship of a girls baseball team during the summer. 3. Invitation track meet at Yoe in the spring. 4. Street decoration and 5. Home lighting contest.

Tom Warren was spokesman for the Waco delegation, and Keifer Marshall Jr., vice president of the Texas Region 16 of the Junior Chamber spoke for the Temple Jaycees.

Charter Day On M-H Baylor Campus Feb. 4th

Hundreds of Mary Hardin-Baylor alumnae will return to the campus Feb. 4 to celebrate Charter Day, the 111th anniversary of the college's founding.

Speakers for the day-long celebration have been announced by Mrs. Mavis Fort (Geo.) L.) Herbeo of Waco, who as vice pres. of the alumnae association is in charge of the program. Mrs. Sarah Sims (W. M.) Furey of Hillsboro is president of the Mary Hardin Baylor alumnae association.

Mrs. Christine Lindsey (J.M.) Green of Corpus Christi will speak at the morning meeting of the alumnae, and Mrs. Marion Walker (Herbert) Barron, '47, of Baytown, will speak at the traditional candlelighting dinner. Mrs. Anne Upham (Leland) Keith, '52, of Midland will serve as toastmistress at the dinner, and Miss Vivian Moon, '53, Beaumont will give the candlelighting charge.

Mrs. Margaret Christi (C. H.) Roberts, Corpus Christi, will play a piano solo at the morning program.

President and Mrs. Arthur Tyson will entertain the alumnae with a tea Saturday afternoon. A reception honoring Miss Fair Brown, recently elected vice president, will be held Friday night, Feb. 3.

New Years Tax Resolution In Order Phinney

Early preparation and filing of 1955 Federal income tax returns is the remedy suggested by Mr. R. L. Phinney of the Austin Internal Revenue Service office, for the average taxpayer's annual headache.

Thousands of South Texas residents will find they owe little or no tax, he observed. Many taxpayers find they are entitled to a refund. It's a good new year's resolution to get this tax matter out of the way.

Mr. Phinney reminded taxpayers that residents of the district should send their returns and make checks payable, where called for, to the district director of Internal Revenue, Austin, Texas.

Protracted Revival Begins At Gospel Tabernacle Sunday

The Cameron Gospel Tabernacle began a revival on Sunday January 15 to be held nightly for an un-specified time Reverend Bowley announced Tuesday.

Revivalist Rev. Charles Bellville of Waco will preach at each session beginning at 7:30 p.m. He is assisted by his father, a superb violinist and his brother who makes the guitar "Preach a sermon," according to the appraisal of pastor Bowley.

Of course, said Rev. Bowley everyone of all faiths is cordially invited to attend these services.

Scout Circus April 13 Promotes "Building Tomorrow's Texas"

Plans for the 1956 Scout Circus to be held April 13 and 14th at the Coliseum in Waco are under way announced Irving Pettis, Circus Committee Chairman. The theme for the 1956 circus will be "Build ing Tomorrow's Better Texas", which will consist of nine events. Information has been received by all Cub Packs, Scout Troops and Explorer Units concerning the Circus. Units are now in the process of signing up for participa tion in one or more of the events of the circus. The Heart O'Texas Council's 1956 circus will be the largest circus ever held as the membership of the Council in the last circus held in 1954 was 7500 boys and leaders. The present membership available to participate in the circus will be over 10,000.

Thadis W. Yount Jr. In USN Jet Squadron

Thadis W. Yount, Jr., aviation structural mechanic second class, USN, son of Mr. and Mrs. Thadis W. Yount of Route 1, Cameron, Texas, and husband of the former Miss Laura B. Dirickson of Oklahoma City, Okla., is serving with Fighter Squadron 33 with the 6th Fleet in the Mediterranean.

The squadron operates the FJ-3 Fury, latest of the Nay's operational jet fighters.

Soil and Water Show At Lubbock Invitation Open

V. C. Marshall, "Father of Texas' soil conservation districts," will be honored at the 15th annual convention of the Association of Texas SCD Supervisors in Lubbock January 18, 19, and 20.

Farmers and ranchers from all over the state will gather there to map conservation strategy for 1956 and ponder soil, water, and farm problems of state and national concern. One point expected to get considerable attention is the Hoover Commission recommendation that USDA's upstream flood prevention work should be turned over to the Army Engineers.

A big feature of the convention is this year's SOIL AND WATER Show and its giant display of conservation farm and ranch equipment. Both the show and the convention will be held in Lubbock's Fair Park Coliseum. Admission is free and supervisors are extending a warm invitation to all Texas farmers and ranchers to visit the show and participate in the convention.

Supervisors of the Taylor and Central Texas Soil Conservation Districts are planning to attend the Lubbock convention.

Are All Cold Remedies Alike?

No! For example, 666 is the wide-activity medicine, which combines 4 of the most effective, widely-prescribed drugs known, to relieve *all* cold miseries sooner. 666 is more potent and gives positive, dramatic, rapid relief from miseries of *all kinds* of colds. That's why 666 is unsurpassed in effectiveness. Try it.

No other cold remedy can match 666 liquid or 666 Cold Tablets. **666**

Farm Operators Must Pay S.S. Tax Before April 15

Self employed farmers and ranchers can become eligible for insurance benefits under the social security law by mid 1956 if they have earned as much as $400 from farming in both calencer years 1955 and 1956, A. B. Wooter, extension economist, reminds Texas farm operators.

Along with this goes the responsibility to report earnings from farming and pay the 3 per cent social security tax not later than April 15, 1956. The Social Security Administration has suggested that payments be made as early as possible after January 1.

The form for making a report and remitting the required tax for social security insurance (Schedule SE) comes with the Federal Income Tax Return, Form 1040. If your net earnings from farming were as much as $400 in 1955, you are obliged to fill out and file this return and pay the social security tax, according to Wooten, even if you do not owe any Federal income tax for 1955.

Older farmers--those 65 or over can retire after mid 1956 and start getting monthly old-age insurance payments if they have met the earnings requirements and paid their tax. Other farmers regardless of age, will acquire family protection in the form of monthly payments to surviving dependents in the event of their death, provided they meet the same requirements.

In either case, th paymnt of the social security tax must accompany your income tax declaration or return. This responsibility is required by law.

Further information on social security taxes may be obtained at your nearest Internal Revenue Service office or from the local county agent. Information about benefits can be obtained from your social security district office If you do not know where these offices are, your postmaster can tell you, says Wooten.

Miss Delphia Scott Convalescing, Rogers Rest Home Marlin

Miss Delphia Scott who has been ill for several months is now at the Rogers Rest Home in Marlin. She had been a patient at St. Edward Hospital for some time prior to going to Marlin.

Miss Scott who has been prominent in both civic and church work of this community for many years is well known in Milam County and throughout central Texas.

She is a charter member of the Business and Professionals Women's Club, Eastern Star. Miss Scott was manager of the Cameron Retail Merchants Association for many years and served as society editor at the Cameron Herald several years.

Miss Delphia, as she is better known, has many friends throughout central Texas who will be glad to learn that she is feeling better.

A foundation fund has been set up for Miss Scott by her many friends to defray expenses at the home. Those wishing to contribute to this fund may contact Mrs. Leland Green Sr. or deposit to the fund at the Citizen's National Bank, Cameron.

Landowner Believes Right-Of-Way Grants Can Be Overdone

Everett Shelton of Route 1 Buckholts had a problem worked out with Commissioner's Court Monday.

Shelton's property was "Caught in a corner" in highway construction. He had given his allotted amount of right-of-way on the Rogers road amounting to 3.58 acres and then a proposed FM road 2270 will cut across his land which will run from Val Verde west to the Bell County line at Holland. He had granted the necessary right of way for the highway in the second instance but because of the intersection with another road the highway department, in order to safeguard the vision decided it needed the 3.89 acres left at the crossing for a flare, thus Shelton was in the position of giving up the additional land in the corner for the construction of the flare.

An amicable agreement was reached between Shelton and Commissioner of the Precinet, C. L. Yount.

Chamber Urges Vote Return On 1956 Holidays

The Chamber of Commerce office announces that a poll of holidays to be observed for 1956 will be taken sometime the latter part of next week. If you have not urned in your holiday ballot, do so at once so that your vote can be counted.

Only 80 ballots have been returned to date, which is less than one-half of the 189 sent out. Such a few replies does not give an accurate count and causes some confusion. If your ballot has been misplaced, call the Chamber of Commerce office, and you may vote by phone. (Phone 101)

LITTLE RIVER PHILOSOPHER AMAZED THAT SENATOR WANTS TO DISCOURAGE CITY FARMERS, SAYS HE ALREADY HAS.

Editor's note: The Little River Philosopher on his Johnson grass farm on Little River probably has misinterpreted the news again, a habit of his, his letter this week reveals.

Dear editar:

I was out here on my farm this week sort of waiting around for Congress to solve the farm problem, if Congress can do it, it'll beat anything I've been able to do, when I got to glancing through a batch of newspapers I'd saved and ran across an article that made me pull my feet off the couch and sit up and pay attention.

According to it, a U.S. Senator wants Congress to map out a plan to discourage "city farmers" who operate part time.

At first glance, I thought this Senator was behind the times, that Congress had already mapped out a plan that'd discourage not only city farmers but all other kinds.

But after I got into it and read where he said "These city farmers—professional men and business men who buy a few hundred acres—help complicate the farm problem," and he wants something done to discourage them, I understood, without agreeing.

I'm afraid the Senator is hunting up something to do to avoid plenty of work already staring him in the face.

If you will talk with these city farmers, you'll find that a good many of em are already discouraged. I don't know whether Congress can take credit for this or not, but something or somebody has done such a good job of discouraging city farmers that it has carried over to regular dirt farmers too.

I talked to a city farmer just the other day and, after making the downpayment on a farm a couple of years ago, he says he is now willing to let anybody operate the farm for all he can make off it if he'll just agree to keep up the payments for him.

Making money on a farm is easy when you do it on paper, but when you try it out, those paper profits always manage to hide out. Looks like you never can get to the bank with em.

I'd like to suggest to this Senator that he has already succeeded in discouraging the city farmers, that job is well taken care of. Now he ought to concentrate on encouraging the dirt farmer, and if he's shy of an idea, I'd like to suggest that noghing's as encouraging as a good profit.

Yours faithfully,
J. A.
